

JUMBO INFLATABLES CEASE TRADING

On Tuesday 9th September 2008 news broke that Jumbo Inflatables based at Hinckley in Leicestershire had ceased trading.

Early reports state that workers turned up for work as normal to be told that the factory was closed.

There has been no information from the Jumbo team to date but rumours are that they have left a lot of creditors to the tune of many thousands of pounds.

The news has stunned the inflatable play industry as Jumbo has been a major UK manufacturer for many years.

Further details will be released as they become available but in the meantime if anyone has unfulfilled orders with Jumbo then please let the Inflated News team know and we will offer any assistance we can. Contact editor@inflatednews.co.uk
